Mingyang Ren (任明旸)

Ph.D. Candidate
School of Mathematics Sciences, University of Chinese Academy of Sciences
Homepage: https://ren-mingyang.github.io/
E-mail: renmingyang17@mails.ucas.ac.cn
Mobile/WeChat: +86 15385619622

Research Interests

Analysis of High-Dimensional Data, Heterogeneity Analysis, Graphical Model, Biostatistics.

Educations

Sep. 2017 – Current
Ph.D. Candidate in Statistics
School of Mathematics Sciences, University of Chinese Academy of Sciences.
Supervisor: Prof. Sanguo Zhang

Dec. 2019 – Dec. 2020
Visiting scholar
Department of Biostatistics, Yale University.
Mentor: Prof. Shuangge Ma

Sep. 2013 – Jun. 2017
B.S. in Mathematics
School of Mathematics and Statistics, Wuhan University.

Journal Publications

- **Ren, M.**, Zhang, S., Zhang, Q. & Ma, S. (2021+). HeteroGGM: an R package for Gaussian graphical model-based heterogeneity analysis. *Bioinformatics*, https://doi.org/10.1093/bioinformatics/btab134.
- **Ren, M.**, Zhang, S., Zhang, Q. & Ma, S. (2021+). Gaussian graphical model-based heterogeneity analysis via penalized fusion. *Biometrics*, https://doi.org/10.1111/biom.13426.
- **Ren, M.**, Zhang, S. & Zhang, Q. (2020+). Robust high-dimensional regression for data with anomalous responses. *Annals of the Institute of Statistical Mathematics*, https://doi.org/10.1007/s10463-020-00764-1.
- Liu, Y., **Ren, M.** & Zhang, S. (2020). Empirical likelihood test for regression coefficients in high-dimensional partially linear models. *Journal of Systems Science and Complexity*, 34: 1135–1155.
- Guo, M., **Ren, M.**, Li, S. & Zhang, S. (2020+). Robust ordinal mislabel logistic regression based on γ-divergence, *Journal of University of Chinese Academy of Sciences*, Accepted.
- Li, S., **Ren, M.**, Zhang, S. et al. (2019). Effectiveness of myopia prediction model in screening children and teenager myopia, *Chinese Journal of Experimental Ophthalmology*, 37, 4: 269-273.

Preprints

- **Ren, M.**, Zhang, Q., Zhang, S., Zhong, T., Huang, J. & Ma, S. Hierarchical cancer heterogeneity analysis based on histopathological imaging features. *Biometrics*, Under review after revision.

Preprints (continued)

- **Ren, M.**, Zhang, S., Ma, S. & Zhang, Q. Gene-environment interaction identication via penalized robust divergence. *Biometrical Journal*, Under review after revision.

Honors and Awards

2021 — **Pacemaker to Merit Student** (only one/school), University of Chinese Academy of Sciences.

Sep. 2020 — **The President Scholarship of Academy of Mathematics and Systems Sciences**, **Chinese Academy of Sciences**, Excellent Prize.

2017 – 2020 — **Merit Student, Outstanding Student Cadre**, University of Chinese Academy of Sciences.

Jun. 2017 — **Outstanding Graduate**, Wuhan University.

2013 – 2017 — **Merit Student, Outstanding Student Cadre, First Prize Scholarship**, Wuhan University.

Conference Reports

Nov. 2019 — Identifying Gene-environment Interactions Using a Penalized Robust Divergence Approach. *The 19th Annual Conference of Chinese Association for Applied Statistics*, Beijing, China.

Oct. 2018 — Robust High-Dimensional Variable Selection for Mislabel Logistic Regression. *The 11th National Annual Conference on Probability and Statistics*, Chengdu, China.

Apr. 2018 — Robust Signed-rank-based High-Dimensional Test for Mean Vector. *The 4th High Dimensional Data Conference of Chinese Association for Applied Statistics*, Nanchang, China.

Invited Talks

Aug. 2019 — *Topic:* Let data speak. Chinese Research Academy of Environmental Sciences, Beijing, China,

Teaching Experiences and Services

Teaching Assistant — Postgraduate Courses in University of Chinese Academy of Sciences:
Advanced Mathematical Statistics (Fall 2018), Modern Statistical Methods (Spring 2019), Analysis of High-Dimensional Biostatistical Data (Summer 2019), Regression Analysis (Fall 2019).

Class Advisor — 2018 Undergraduate Mathematical Class in University of Chinese Academy of Sciences.

Instructor — High Dimensional Regression and Regularization
Machine Learning Seminar for undergraduates, University of Chinese Academy of Sciences (Fall 2018, Fall 2019).
